Statement

Senior multidisciplinary creative industry specialist with focus on digital and physical product design from idea to implementation. Great out-of-the box thinker. Passionate on crafting, tinkering, complex problem solving. Picky on quality, simplicity and efficiency of my creations. Fully self-sustainable unit, but good in teamwork when required. Cold-headed unbreakable stoic in stressful situations.

Willing to share my skills, talents and experience, and take new challenges in a newly-created startup, or established industry.

Work History

2025 - Now

Independend freelance maker / designer

I craft prototypes, product MVPs, exhibits and props, in my equipped workshop in Vilnius industrial area.

2024 - 2025

Creative Director at Microdrive Cars

I created all visual language fro a startup in automotive industry.. That includes brand and style guidelines. Web presence, product color schemes, all marketing and stationery assets.

2023 - 2024

Visual designer at Khodorkovski Media

My role was to create brand integrity of multiple news channels, including website, Telegram and Youtube channel. I created brand guidelines, key visuals, program set designs and motion graphics.

2015 - 2020

Klein Bottle Design Studio founder and owner.

I created a successful outsource design agency specialized in delivering a great visual communication solutions for start-ups. A small 4-person team successfully competed with large-scale agencies and took orders from corporate clients.

Education

2009 - 2010

Master of Fine Arts. Speciality - Exhibition design.

2001 - 2006

Bachelor of design. Speciality - product design.

1997-1998

Professional education. Low-current network installer.

Personal Interests

Philosophy, sailing, jogging, FPV racing.
